Gev. Flower shows that goo! roads should a st no mure than bad r. a s, and in order to demonstrate this fully be presents a statement of the amount of money expend lot annually in maintaining the roads in fifty countries of the State of New York, which is \$2,715,761 The Governor shows that with this sum of memby expended for interest on bonds for building and mair thing good volds there is stiprough left to provide a small . fund with whill poever in 'v wip. out the house has pitch acce.

or system is the work 170 miles of the a last result doesn't e unit at street a wall would be glabilities, its interest on which rement, leaving places a year to Is applied to as akl. " fund." The lease requires a constitutional treatment that root there there extly invites that's that rub ture is taken beter ally the nevertion at the Legislature . Levely distreying the femiliation of the this great que tion," and declares hinself impossed with its im sent grante a conguest work. The terial importance to the interests of proprious bases and horizon in its the whole State"

What is said of New York may II could be here may ease that: by said with added empira-is can to stoeme, send for list of Testim corraing the road conditions in the cale's Address, I of CHENEY at er States. The amount expected to Telegraphy in kerjenz un tal rolls ward solltwimers 75c. er States. The amount experied build and mantain good mais There is decre-sted projudio wanted bonded in a bere house, and ture it is in live communitative Buthe an element beider of and a tradic herritate the agicult turni portione of the State. March invested in something that is worth all or more than is pall for it should not be in stell up a ne money fool ship expended, which brings no permanent good results.

Money expealed in del realwould be a wis investment in the reason that it would enhance the value of every lit of property in any given county. Fully couts an C acre is reash acre of land man ordmary county wood I pay he z od reads for that county. One doffer on arce for these landed, deep man tepreciated in value and reacti would pro for reads that would make then accessible. Es unde inacci ssible farms in an ordinar, oner at Sidan der, the incress would agarezate para apa South one while the higher could positi would be on uch to promite he Organia st. Grille time on the 'v in two or three lears of the

George should be i de i upn as an intelligent investment. and not as an exponse of comp Yews De mi.

No Misunderstanding His Meaning.

Three important types follows: cleetion law proved a foliage of the compared treated with such definitioners not opened. It is said they were after that it is misunderstanding of his means of the severe remains that he had been after the severe remains that he had to be remains that misunderstanding of his means of the severe remains that he had to a very of the severe panalty attached the victorial interpretation of the law, and that the victorial is a superfluing bond rendering motion accordance with the provisions. These three subjects relate to a - und corrency, tar if r form and

where evasive: it is like Carysland. which the deepers as was 100000 White evasive; it is like Convention excessive emorate. Which is grant for it speaks with no imperation was exerted grand our as a matery of the author the sect.

> Jewelry Silverware Stationery Books and Novelties

Always In Stock.

JEWELS FOR JEWELS

of course, and why not? In the natural order of things it is to be expected. Our stock of Jewelry contains what are jewels with a large J. It's the season now when the belle of the ball weaves her spells, and beauty instinctively seeks the reinforcement of art. When it comes down to Jewelry we are fleating down the the stream of fashion, and are nothing if not correct. Our stock wasn't purchased to keep. Sufficient unto the season is the stock thereof.

our case "SELL" is the order of business, and sell we will. We are offering good values at *********
